NERVE'S BILL  
PASSES AWAY

On Monday morning, Bill Williams, about 55, son of Mrs. Minerva Collins of this place became seriously ill, said to be the effect from non-action of the liver and grew constantly worse till Tuesday, when he passed away. He leaves a widow and several children by his first wife who was a daughter of Mr. and Mrs. Bow Frazier residing in this city.

Bill Williams was a harmless hard-working man and leaves a host of relatives and friends behind. He was a son of the late James Williams and a nephew of Hiram Williams, residing just above the city. We sympathize with the many relatives and friends.

## Undergoes Operation

Word from a hospital at Nashville, Tenn., says that Mrs. Elizabeth Davidson, a daughter of Mr. and Mrs. Henry R. Yonts, of our city and one of the leading teachers of Blackey, had just been successfully operated on for a bad goiter. Mr. Davidson, Mrs. Yonts and her two married daughters are at the bedside of Mrs. Davidson. It is hoped that Mrs. Davidson will soon be able to return to her home.

The above operation was performed by Dr. W. D. Haggaard of Nashville, who is the recognized leader in the medical profession in North America.

BIG BANQUET AT  
DANIEL BOONE

The Kentucky River Mining Institute entertained their members and invited guests with a big banquet at the Daniel Boone last night. It was the monthly meeting and was the first to be held anywhere else except Hazard. Ninety guests were entertained all from Perry and Letcher Counties. Harvey Adkins is President of the Institute while John Green and J. B. Fitzpatrick, both of Hazard, are Chairman and secretary respectively.

On the program of the evening were Emory L. Frazier, Astor Hogg, M. K. Marlowe, A. J. Leach, L. H. Lavers, of Paintsville, Mr. Mill, President of the Hazard Coal Operation Exchange and Mr. Cole Chairman of the Statistical Committee.

Rousing speeches were made by those on the evening's program and other guests. It was one of the most enjoyable occasions ever held here.

Mrs. W. N. Craft and little Billie Adams Craft, bright eyed imp of six weeks, was down from Neon and with Mrs. Nancy Phipps of Lewis Addition, made a pleasant call on the Eagle.

Mr. John Green, President of Mine Service Co., and Mr. R. E. David, Manager of Kentucky and West Virginia Power Co., of Hazard were in Whitesburg on business Tuesday.

Entertains Prominent  
People

At their beautiful home on Main Street last Friday, Mr. and Mrs. Archie V. Sergent had for luncheon and dinner the following well known guests. Ex Governor Edwin P. Morrow and his young daughter Miss Edwina of Washington, D. C. Mrs. Catherine Langley, Congress woman, Pikeville, U. S. Marshall J. H. Hammons, Covington, Mrs. L. C. Hibler, Joe E. Johnson, Jr., Farmer Johnson and a Mr. Davis, Hazard, Hon. Joseph E. Johnson, Sr., Lexington, Gordon Lewis, and Misses Dorothy Bomer, Hazel Lewis and Mary Warren of Whitesburg. Mr. and Mrs. Sergent, as host and hostess, know just how to turn the trick when it comes to entertaining and spreading an enjoyable dinner.

Editor Crawford  
Visits Whitesburg

Editor J. L. Crawford, of the Times-Tribune of which prised his many friends here, and especially Mrs. Crawford, when he dropped in the city Saturday on a short visit. Mr. Crawford says the sun shines bright in Corbin and that prospects for a further rising of his journalistic career could not be brighter.

## Visits Home Folks

Rufus Williams, son of Mr. and Mrs. Hiram Williams, who when a mere boy, decided to accept the advice of Horace Greeley and go West and did so, arrived from California early in the week on a few days visit with his parents, brothers and sisters as well as other relatives and friends. Fifteen years ago he returned here for a few weeks but has not been back since. The family was over-joyed to see him again.

Well Known Man  
Visits Letcher County

Our long well known and popular friend, Madison A. Dunlap, now of New York City, was seeing many of his old friends and acquaintances here last Saturday.

Up until a year or so ago Mr. Dunlap resided at Jenkins where he held a highly important position with the Consolidation Coal Company. He went from there to the head office of the Company in New York City, where he is still an important factor in the management.

Large Crowd Attends  
Speaking Here

Ex-Governor Morrow, Mrs. Katherine Langley and others spoke at the Court house here last Friday in the interest of Republican ticket. A good sized crowd heard the speaking, which was enthusiastically cheered. We were glad to meet quite a few of our old-time friends from the country who were here to attend the speaking.

It is said good crowds attended the speakings at Neon and Jenkins on the evening of the speaking here.

## LOCALS

J. Hugh Taylor was over from Crown and called to follow up the Eagle.

Attorney Felix Fields, of Pikeville, is spending several days in Whitesburg this week.

Judge R. Monroe Fields spent the week end in Whitesburg with his family.

J. L. Hayes has returned from Louisville and Lexington where he spent several days.

Jess Holbrook, of Millstone was a Whitesburg visitor on Tuesday of this week.

Mr. and Mrs. T. Clayton of Domino were Whitesburg visitors on Tuesday.

Mr. Louis Harvie left on Wednesday for Hazard and Lexington where he will spend the rest of the week on business.

Merchant Elbert Ward and bright little daughter, Mattie, were here from Neon and made the Eagle a welcome call.

Arthur Watts, teacher of the Bluefield School and Uncle Hark Campbell, a loyal old citizen of the Hallie neighborhood, came in to see the Eagle Saturday.

Nat Craft, Construction Foreman for the Consolidation Coal Company at Jenkins was over to see the Eagle Tuesday. He says business is pretty good at Jenkins and that people are working every day.

Mrs. M. D. Bates, of Farraday, returned from a visit to her father and mother at Fountain Head, Tenn., where she spent a few pleasant days. She is sending the Eagle to them.

Mr. Orell Fields, a College Freshmen in Pikeville College has been appointed Business Manager on the "College Highlander Annual" Staff, for the year 1928-29.

Ten million dollars has been found to the credit of the city administration in Philadelphia, and no one seems to know how it got there. Evidently this is some of the money that has been wanted and needed so badly in this section for the last year or so.

Mrs. Crawford  
Returns Home

Mrs. C. C. Crawford, of Hiatt, Rock Castle County, formerly of our city and Calson, after visiting her daughter Mrs. Ben of our city and Colson, after Crawford at Sergent, returned to her home a few days ago. It will be recalled that Mr. Crawford, was formerly Sheriff of our County, and that Mrs. Crawford, is one of the daughters of the late Madison Collins.

## From The Far South

Editor Mountain Eagle, Never having been in Florida, it remained for my erstwhile Whitesburg friends, Mr. and Mrs. J. S. Fairchild, to show me the beauties and wonder of this great State.

Arriving at Orlando, these good folks met me at the train and drove me about the streets of this beautiful city. Wonderful homes everywhere and everyone with a clear blue lake for a backyard. Cleanliness everywhere. No flies on Florida and no flies in Florida. I have not seen one of the pests since my arrival here.

We went to Silver Springs at Ocala and here is the real wonder of the world. Eighty one feet below the surface of the earth a crevice in the rock sends forth a flow of water, five hundred and fifty million gallons a day, in volume. This makes a river nine miles long, flowing at the rate of four and one half miles an hour.

Glass bottomed motor boats carry the visitors over a course one hour in length, during which trip the marvels of under water nature can be viewed through the crystal water. In one of the deeps, great growths of every variety of fern and enormous turtles nibbling fronds. In another the growth resembles fine trees and a boiling spring has cast up shells which settled in the branches and the prismatic colors from the sunlight give the effect of decorated Christmas trees. A great swordfish has come up from the sea and taken lodging in one of the deeps, and he is a beauty, tan color with round brown spots, and he knew just which shade of green was the most becoming to him. Mulletts and other fish, eating the mineral cast up by the water and striped perch taking bread from the hands of the rubber-necks.

We drove to Tampa and St. Petersburg through Kissimmee, Haines City, Lakeland and many other beautiful places. The towns are so beautiful they make a visitor think of jewelry. At this place the Citrus industry is at its full development. Groves laden with fruit to the breaking point, in spite of what damage was done by the storm.

Signs of prosperity all about and our Letcher friends in the center of it. Today I must leave a community peopled with fine folks and I take my departure with deep regret.

Yours very truly  
H. C. Keller.

Winter Garden, Fla.

Editor's Note: Mr. Keller is one of the prominent Louisville citizens who frequently comes to our little city on business and is well known by a number of our business people. He has traveled extensively and his blunt way of describing the wonders of Florida will appeal to the readers of the Eagle. It is not his way of over-picturing anything.

WANTED—A nice clean house keeper and cook combined. Apply to Mrs. G. H. Zimmerman Whitesburg, Ky.

Exciting Foot-  
Ball Game

Whitesburg High School boys had their first bout in an exciting Foot-ball game here last Friday, when they laid flat the High School team from Jackson. That they won in the first game of the season and the first time they had ever faced an antagonist is highly to their credit and worthy of their metal. The game ended with six to nothing in favor of Whitesburg High.

Next Friday our boys will go to the bout with the second game of the season on their grounds here and they are pitted to knock Hazard High clear down below Uz. Go to it boys and hold your spurs. Let everybody come out and enjoy the sport.

The Corbin  
Times-Tribune

The Time-Tribune of which our former popular citizen, J. L. Crawford, is editor, reaches our desk weekly and is a welcome visitor. It has all the earmarks of a first class city weekly and the text shows fully the careful journalistic Crawford touch. Whitesburg will listen to hear of the success the paper an business deserves.

Every Voter Urged  
To Vote Tuesday

The two great National Political Organizations, with their heaviest artillery in the lead are winding up their battles this week and firing their last shots. Shots, however, will be fired from the ramparts right up to the opening of the polls on next Tuesday morning. Undoubtedly the heaviest vote ever cast in a National election will be polled which is a good omen. In the last few quadrennial elections almost twenty million voters in the United States have failed to take advantage of the opportunity to vote. That is enough voters have neglected their duties to throw the election either way. The Eagle hopes that every voter in Letcher County will, on next Tuesday, avail himself of the opportunity to vote and do so.

## A New Boy In City

Mr. nad Mrs. Archie V. Sergent are rejoicing over the arrival of a bright new, healthy and hearty two and a half year old boy who arrived at their home here early in the week. The young man's name is Billie, Billie Sergent now, and he came not in the ordinary way, but from the Orphans home in Louisville. Billie knows nothing about his parents, but has readily adopted Mr. and Mrs. Sergent as his own.

Among those from Hazard who visited in Whitesburg this week were Mrs. Alice Baker, Mrs. Hardesty, Mrs. Carl Stutz, Mrs. Kate Eblen, Mrs. A. F. Barbieux, Mrs. Milton Elliot and Mrs. Seinecht of Blue Diamond.

DR. BENTLEY  
SERIOUSLY ILL

It develops that Dr. J. M. Bentley one of the leading physicians of the city has been seriously ill at his home here for several days. He is suffering with La-grip and bordering onto pneumonia.

The above item was written for last week's paper and the editor believed it had gone into our columns, but the type-setter, a new one, failed to reach it when setting copy.

At the time this is written the Doctor is slightly improving and we trust will soon be able to be out among his many friends again.

## McRoberts News

BERT TOLLIVER  
A CANDIDATE

To the people of Letcher County:

For months I have had in my mind to be a Candidate for County Court Clerk and at this time I have decided to make this my announcement for this office.

I was born and reared in Letcher County, am now fifty-six years of age, have always lived in the county, have always paid my taxes and done everything in my power to advance the interests of the county and its people. Have never asked for an office but have always been faithful and true to my party and its principles. I have always been a Republican and shall ask that party to nominate me at the Primary to be held in August 1929.

I want all my friends to take into account that I am a candidate and will appreciate anything that they may do or say for me.

Thanking all for past future favors, I am,

Faithfully yours

# THE MOUNTAIN EAGLE

A Friendly Non-Partisan Community Paper

Issued Weekly By The Mountain Eagle Publishing Company  
MEMBER KENTUCKY PRESS ASSOCIATION

N. M. WEBB, Editor and Manager  
J. P. JOHNSON, Job Dept.

Subscription \$1.50 per year, 6 months 75c

Entered as second class matter August 28, 1907, at postoffice at Whitesburg, Kentucky, under Act of Congress of August 9, 1873.

By the time another issue of this paper is mailed to its readers the smoke of the greatest campaign battle in many decades will be clearing away. As the roar and clamor and clash of political arms roll back and the curtains rise there will be many, many sad hearts. Many many also will feel their cups of joy running over. Undoubtedly, quoting Shakespeare, There is a Divinity that shapes our ends, rough hew them as we may. And surely He who rides above the storms and holds the winds in His fist is not pleased with the intolent and inveterate ways in which the political games are played by both of the antagonists in their warfares throughout the Nation. Both Mr. Hoover and Mr. Smith while the summer sun was still high entered the campaign with the avowed purpose of conducting it upon a high plane but their adherents would not and so we have had a battle waged similar to those a hundred years ago. Then the star of destiny led the country onward and so it will do again. Political philosophers contend that fiery campaigns tend to melt away the dross and clear the situations in the offices of a Nation like ours. History proves that where political parties are about equally divided better officers and a better conduct of affairs result. We trust that out of the present tumult better things, a better government and a better satisfied people will come. Next week the old Eagle, being the people's unbiased medium of news, will go the same as if nothing had happened. And may every man and woman who goes to the polls know well and truly how to vote so as preserve for themselves and their children, the sacred land dedicated by our fathers and to be preserved for them.

## SCHOOL AND COMMUNITY NEWS

NEWS LETTERS FROM  
OUR CORRESPONDENTS

## Kingdom Come News

Our school is progressing nicely and we have three more new students this week, Oscar Morgan and Tillie Boggs of Flint, and Harvey Day from Kings Creek. They are entering a little early in order to be here for the second semester which will begin in two weeks.

Friday we gave a Temperance program out at the grade school, we were delighted to have Mr. Hiram Frakes speak to us after the program. He arrived here Friday morning to stake off the ground for our new school building. The workmen will begin this week grading for the foundation.

Our school roll has advanced from 26 to 32 and we are quite sure there will be several more who will enter before the second semester.

There are 22 in the freshmen class. We are glad to welcome Vina Ison who has been absent for a week on account of sickness at her home, back to school.

We also welcome another of our students, Elbert Halcomb, who has been absent for a week, back to school.

Friday night the High school gave a Halloween party, each student inviting one guest. We all enjoyed the party very much. Earl Nolan, our youngest high school student, was swallowed by a ghost on his way to the party.

Mr. Troy Shepherd visited Gloria Cobin Sunday afternoon. He came to see his niece Myrtle Shepherd.

Chester Cornett, the son of Mr. Wesley Cornett, was married last

Wednesday in Cumberland to, Maggie McKnight of Cumberland. They spent the remainder of the week with Mr. Cornett's father and returned Sunday morning to Cumberland where they make their future home.

Martha Shepherd and Maggie and Bruce Hilton of Gordon, have decided the roads are too muddy to continue walking nine miles a day to school. They are now boarding in our community.

Everybody's box was full of good things to eat. Mr. Orb Brown cried the boxes off. After the boxes were sold we had music by Mr. Dandy Tusk who plays the violin. The crowd sure enjoyed the fine music.

We regret very much that Mr. J. B. Witt could not be with us on account of sickness in his family. Mr. Witt is one of Letcher's great musicians, he plays the banjo.

The engineers are surveying the State road through from Jeff to Blackey. The chief engineer Mr. Cochran has located at Bluefield for a while.

of fruit this year. Mr. Collins is great school man and is worth a lot to a community.

The class sponsors are: Seventh Grade Miss Florence Gray, Eighth Grade, Miss Elizabeth Patterson, Freshmen, Miss Anna Foster, Sophomore, Miss Frances Rolston, Junior, Miss Eunice Caudill, Senior, Mrs. W. D. Lewis. Miss Laura Lewter, formerly a teacher at Highland Institution, Guernsey, Kentucky, was our guest over the week end.

Mr. and Mrs. D. W. Lewis and Miss Virginia Bird dined with Mrs. H. L. Cockerham, of Blackey, Sunday.

Miss Eunice Caldwell is the recipient of a radio set sent by her brother in Atlanta.

The death of Cleo Hale's mother occurred at Hazard last week and in this time of sorrow we extend to him our deepest sympathy. We are glad to note the improvement of Cleo's brother Mr. Enoch Hale, who recently underwent an operation for appendicitis at the hospital in Blackey.

Miss Emma Bartholomew returned Tuesday morning from Winchester, where she went on the account of the illness of Rev. A. D. Tadlock. Dr. Tadlock's condition remains very critical and there is small hopes of his recovery.

Rev. and Mrs. Plumer Smith, the parents of two of our dormitory boys, Newton and Russell Smith, landed in New York City last Tuesday and are now in Virginia where they expect to remain until about the first of December when they plan to come to Stuart Robinson for a visit. Mr. and Mrs. Smith have been missionaries in Africa for a number of years and this is their first furlough in four years. Of course the two boys here can scarcely wait for the reunion with father, mother and two little sisters, one of whom they have never seen. Mrs. Smith is the sister of Miss Lizzie Russell, matron of our boys' dormitory, and she, too is eagerly awaiting the arrival of these relatives.

On Monday evening from seven to nine o'clock a jolly Halloween party planned and directed by Misses Polly Davis and Eunice Caldwell was enjoyed in the gymnasium. Both faculty and students were invited to this merry-making and everyone from the Superintendent down to his small daughter had a good time. White-robed ghosts, mournfully wailing, greeted the guests at the doors and then entered to mingle with the crowd. Many colorful and picturesque costumes were seen.

The prize offered for the best of these costumes was won by Overy Salling who impersonated in a most realistic way a dignified Chinese gentleman. Miss Florence Gray, costumed as a witch, was seated in the door of a "cave" stirring the contents of a cauldron in which was a gruesome-looking mixture of what she

said was human blood and bones. She claimed to be an accomplished palmetist and read the future for those who came seeking to know what the coming days hold in store. Halloween games and stunts of various kinds provided entertainment until time for refreshments to be served, after which the company departed on a wave of gaiety.

Dairying  
is one of the  
South's Greatest  
Developments

In order that the readers of this publication may know something of the rapid development of this basic farm industry in the Southland, the Louisville & Nashville Railroad herewith sets forth some facts about the increased investment in dairy farming in the southern states.

When the boll weevil menace struck the South 20 years ago, agricultural agents of this railroad joined with other agencies in urging the farmers to turn to dairying and they have worked constantly for the building up of pastures for the production of necessary feed crops and have secured the improvement of herds by the acquisition of pure bred stock.

They have also put in much of their time with the individual farmer who is starting in the dairying business studying the milk supply of various sections in relation to the location of creameries and large milk consuming plants.

This railroad has, through its Immigration & Industrial Department, conducted for many years national advertising campaigns to acquaint the dairy farmers of other sections of this country with the advantages of the Southland, and during the last three years a wonderful growth of dairy farming has resulted all the way from the Ohio River to the Gulf.

Today dairy plants are finding locations along the lines of the Louisville & Nashville Railroad as fast as the necessary milk supply is to be had, and this Company's agricultural workers are urging greater milk production and finding more profitable markets for all the milk that can be produced.

Transporting passengers and freight are not the only duties of a great railroad system, and its obligations to the public it serves are fully recognized by the Louisville & Nashville Railroad.

## Hurricane Gap School

# Prosperity For ALL!

GOVERNOR SMITH wins praise all over the country for his candor, courage, sincerity and progressiveness. He brings truth, honesty and square dealing to the front as living issues. To his great ability, vast experience and deep, human understanding is added rare discrimination and a keen sense of responsibility. He is free from guile. His life is clean, wholesome and simple. He goes into battle rejoicing, self-reliant and with song and humor in his heart—Truly "A Happy Warrior."

Governor Smith believes in the intelligence and the honesty of the masses of the people... they are always his court of last resort... every time a great issue arises he naturally goes to the people themselves for guidance and support. He never appeals to their passions or unworthy ambitions. He goes straight to their head and heart. He is one of the few great leaders of masses in all history who does not stoop to the tactics of the demagogue.

Inspired by such leadership Democrats of Kentucky and the Nation are sweeping on to a glorious victory on November 6!

GOVERNOR ALFRED E. SMITH  
FOR PRESIDENT

**RELIGIOUS TOLERANCE**  
"Let us remind the Democrats of the country that we belong to the party of Thomas Jefferson whose premier lesson was that he was the author of the Virginia Statute of religious liberty. Let us remind the citizens of every political faith that the statute of religious liberty has become a part of the sacred heritage of our land. The Constitutional guarantee that there should be no religious test for public office is not a mere form of words. It represents the greatest guarantee of liberty that was ever given to any people." (From Gov. Smith's Oklahoma City Speech.)

**CHAMPIONS FARMER'S CAUSE**  
I propose action for insurrection, insurrection for hostility. The fundamental purpose of the McNary-Hansen bill was to establish an effective control of the sale of exportable surplus, with the cost imposed on the commodity benefited. For that principle the Democratic Party squarely stands and for that principle I squarely stand. It remains but to work out the details. I have pledged myself to name a non-partisan commission of farm leaders and students of the problem to work out the plan to be presented to Congress immediately on its convening, and I shall support this body until a satisfactory law is placed upon the statute books. (From Gov. Smith's Omaha Speech, Sept. 27, 1928.)

**WILL ENFORCE 18th AMENDMENT**  
"If with one hand on the Bible and the other hand raised to heaven I promise the people to execute the office of President of the United States, you may be sure that I shall live up to that oath to the last degree. I shall, to the very limit, execute the pledge of our platform to make an honest endeavor to enforce the Eighteenth Amendment and all other provisions of the Federal Constitution and all laws enacted pursuant thereto. There is no question here of the return of the saloon."

I shall never advocate nor approve any law which directly or indirectly permits the return of the saloon. (From Gov. Smith's Speech of Acceptance.)

**LIVING DEMOCRATIC PRINCIPLES**  
Government must function, not to consume our wealth but to preserve equal opportunities to all to share alike in our priceless resources. Prosperity should not be confined to a favorite few. Business, small and great, should be encouraged. Conserve human happiness and liberty. Break the shackles of monopoly. Observe the Constitutional guarantees of religious freedom and toleration. These are living Democratic principles.

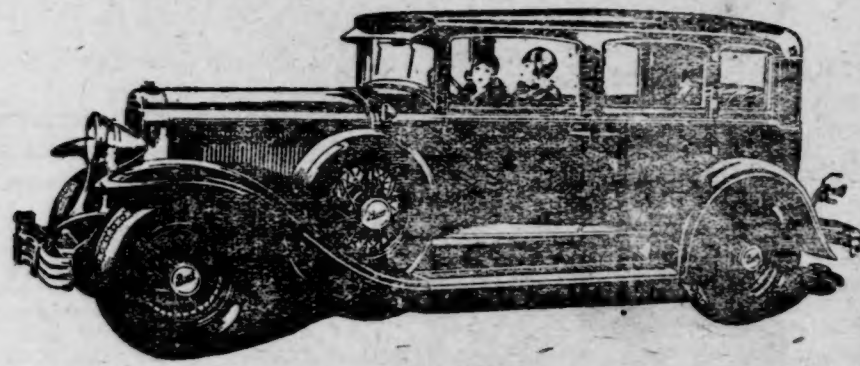

**REPUBLICAN PRINCIPLES EXPOSED**  
In 1924 the Republican platform pledged the party to: "The enactment of measures which will place agriculture on an equal basis with other industries." In the last two sessions Congress passed two farm relief bills. A Republican President vetoed both acts, offering no constructive measure to aid the farmer. The Republican party at Kansas City adopted the same platform pledge in tentatively the same words as it did in 1924, thereby acknowledging its flagrant violation of its prior pledge.

**REPUBLICAN CORRUPTION**  
The Democratic platform vigorously condemns the social corruption and unbridled rapacity that characterized the administration under Republican rule. The country has stood aghast at the shocking thievery and stealing perpetrated by Republican cabinet ministers in oil lease speculation; grafting upon alien trust funds; giving and receiving oil bribes for Republican campaign purposes; hoarding hospital resources of disabled soldiers; purchasing seats in the United States senate; a cheap feeding of official patronage—all making up a Republican rule saturated with dishonesty and defiant and unprincipled public opinion.

Men and women on every street--  
--in every city and town--are pronouncing the new BUICK, with Masterpiece Bodies by Fisher, the most beautiful automobile of the day.

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Sweeping into the market at a time when motor car lines were practically standardized--when imitation was destroying individuality--these epic Buick creations introduced an entirely new mode--

A mode of body-symmetry--of size and magnificence--of soft contours instead of straight lines--of embossed side and hood

panels involving the most costly steel paneling work employed on any car in the world!

And as the weeks have passed--and the full significance of Buick's achievement has become apparent to the public--enthusiasm for this car has swelled and grown to unprecedented proportions!

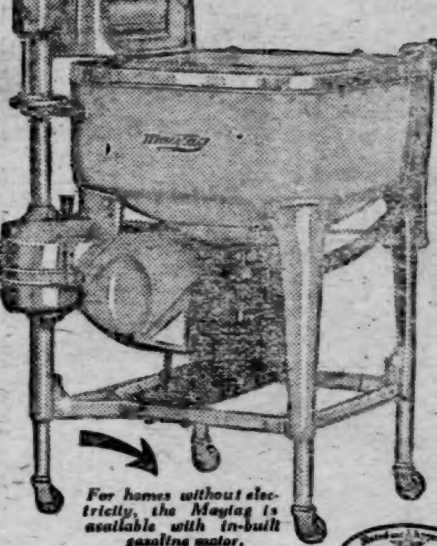

Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.

THE Maytag is so much faster, so much easier to handle, so quiet and smooth-running, so thorough, so remarkable in every way that the most forceful way of convincing the housewife is to let her do a washing with it.

The Maytag Company originated the seamless, heat-retaining, non-breakable, cast-aluminum tub, the gyrafoam washing action, and many other outstanding washer improvements.

The Maytag deserves an opportunity to demonstrate how it will save you time by doing an entire washing in an hour or so, save your health by making hand-rubbing of badly soiled clothes unnecessary, save clothes by its easy way of cleansing by soap and water action alone, and by its Roller Water Remover, with a soft top roll and hard bottom roll.

Maytag dealers everywhere follow the standardized rule of sending a Maytag to a home to do a week's washing free, and without obligation of any kind. This is the way all Maytag Aluminum Washers are sold. The Maytag must sell itself.

With Stomach Spells

"I have taken Black-Draught ever since I was a child, and can recommend it as a splendid medicine for family use," says Mrs. Cora Maberry, of Sagesyah, Okla. "My children did not mind taking Black-Draught, and so when they got upset with stomach spells, or were constipated, I gave them Black-Draught tea."

"They are all grown now and have homes of their own, but I still keep Black-Draught in the house and use it myself when I wake up in the morning feeling dull and 'headache', and have a bad taste in my mouth."
